

Using the TOTALACCESS TASK PANEL

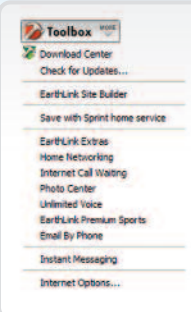

The TotalAccess Task Panel gives you fast access to all your EarthLink settings and tools, email, Web searches, and more. The Task Panel installs along with TotalAccess and launches when you sign in.

EarthLink

Click to add or change profiles, connections, or access numbers. Select *Task Panel Options* to choose other preferences.

Toolbox

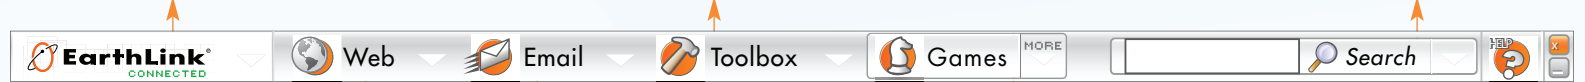

Select *Check for Updates* to download our Protection Control Center, plus other EarthLink tools or fixes. For other software, see the Download Center.

Search

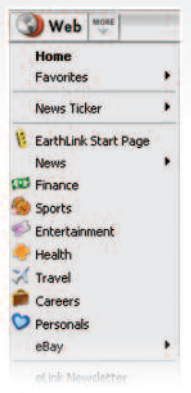

Type keyword(s) and click *Search* to search the Web. Click the arrow for stock quotes, weather, maps, and more.

Tip: Look for the Task Panel at the top of your computer screen (above your Web browser) after you sign in.

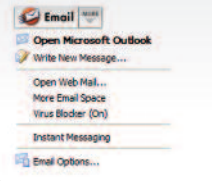

Web

Click for fast access to online channels like News, Finance, and Sports. Check out eLink™, EarthLink's monthly newsletter.

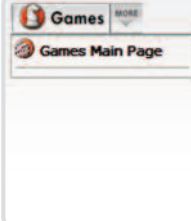

Email

Click to open EarthLink Web Mail, or your Address Book, or to compose a message or add a contact.

Games

Take a break and play Solitaire, Collapse II, or Blasterball II. Visit the *Games Main Page* for all your gaming options.

Help

Click EarthLink TotalAccess Help and choose a topic. For help on the web, click *My Account Home*, *Support Center*, or *Live Support by Chat*.
