

Getting More out of **YOUR EMAIL**

Use EarthLink Web Mail for the security and simplicity you need

EarthLink Web Mail

Get easy Web access to your email from multiple computers. Web Mail has a fresh, new face! Our clean, new look and enhanced features make your Web Mail experience even better!

Web Mail benefits

- ▶ Enjoy convenient access—get your email from any online computer.
- ▶ Access your contacts anytime from your online Address Book.
- ▶ Instantly write email messages—without reloading the page.
- ▶ Stay safe with powerful virus and spam protection (see page 14).
- ▶ Register for Anonymous Email Addresses from the *Anonymous Email* folder.
- ▶ Import all your contacts from other email programs (click *Preferences*, then *Import Address Book*).

Access your email by visiting webmail.earthlink.net

With EarthLink Web Mail, you get...

- ▶ **Trusted email security**—with our innovative, free Virus Blocker and spamBlocker tools (see page 14).
- ▶ **Eight email addresses**—enough for you and your family. To activate them:
 1. Sign in to: myaccount.earthlink.net
 2. Click the *Add a New Email Profile* link and follow the instructions.
- ▶ **100MB of storage per address**—for all your messages and attachments.
