

# Using the EARTHLINK TOOLBAR®

## All the online tools you need, all in one place

Add our FREE, customizable Toolbar to your Web browser for automatic protection, plus convenient one-click access to EarthLink security and productivity tools, and lots of fun content.†

### Protection

**Security Center:** See if your computer makes the grade. One-click access to free PC Security Check.

**Pop-Up Blocker:** Keeps virtually all pop-ups out of your way, even Shockwave and Flash pop-ups.

**Privacy Tools:** Offers 5 levels of privacy protection for your browser.

### Search

**Search:** Provides a built-in search box for fast anytime searching, powered by Google.™

**Local Search:** Find what you need right on your local Main Street. Simply enter your keyword and ZIP code.

**Maps and Driving Directions:** Lets you easily map any destination and get directions in a click.

### Personalization

**Weather:** Shows you current weather and forecasts based on your preferences.

**Stock Ticker:** Displays dynamic, up-to-date information on the stocks you choose.

**News:** Delivers customized, up-to-date news headlines in the categories you choose.

### Convenience

**Travel:** Provides great savings and convenience when planning your next trip.

**Shopping:** Offers great deals on clothing, computers, electronics, and more.

**Entertainment:** Gives you local movie showtimes, TV listings, music, and books.

The EarthLink Toolbar is available with TotalAccess or as a stand-alone program. Download it today at [www.earthlink.net/go/guide/toolbar](http://www.earthlink.net/go/guide/toolbar)

† The EarthLink Toolbar is available for Microsoft Internet Explorer 6.0+ and Firefox 2.0 (features shown here are for Internet Explorer), Windows XP/Vista only. To learn about the Firefox version, visit [www.earthlink.net/software/free/toolbar](http://www.earthlink.net/software/free/toolbar) and click on the I Have Firefox button.
